About Us

- We build Facebook & mobile apps that are used by millions of people
- We develop products that brands use to run in-store promotions
- We work for brands like Paddy Power, Visit Britain, Heinz, Pepsi, Tesco ...
- We have offices in London, Dublin, Waterford and somewhere in San José
- We are one of the best in the world at what we do!
- They talk about us on Mashable, TechCrunch, Inside Facebook & the Munster Express
- We don't take ourselves too seriously and we know how to relax

Our Technologies

- We develop using: Ruby, Rails, Node.js, Javascript, Postgres, Mongo, CSS, HTML5, AJAX and Flash/Actionscript
- We use both agile and more traditional development methodologies
- We use cloud solutions for everything we do
- We only use Apple products because they feel nice

About You

- Like computers, smart phones, social networking and most people
- Feel you are better at what you do than your peers
- Have been developing quality solutions for at least a few years
- Know a lot about the technologies we use
- Have a diploma or degree that's relevant or know more than people who do
- Want to work with excitable people in a vibrant industry and learn new skills
- Like what we do

The Deal

- 30k-55k, negotiable depending on experience
- Share options
- Free water
